each of the eight chapters takes a period of up to forty years and examines the medium through the lenses of art science social science travel war fashion the mass media and individual practitioners back cover

the founder of spiratone a company that once supplied photographic accessories s f fred spira is also well known for his extensive collection of photographic equipment this volume which includes spira s writings and is coauthored by his son jonathan and lothrop a former president of the american photographic historical society provides a history of photographic processes with a focus on consumer oriented picture taking it includes thorough discussions on film and camera history color photography photo reproduction stereo photography and motion pictures and an especially good chapter on digital photography photo illustrations are taken from the more than 20 000 objects in spira s collection a chapter on photography and humor seems out of place but in general the book supplies understandable explanations of photographic devices and methods and is a good supplement to more general histories such as naomi rosenblum s a world history of photography

highly acclaimed scholarly volume examines technological advances and artistic development with nearly 300 examples of photographic art 285 black and white photos

this book investigates all aspects of photography aesthetic documentary commercial and technical while placing photos in their historical context included among the more than 800 photographs by men and women are both little known and celebrated masterpieces arranged in stimulating juxtapositions that illuminate their visual power authoritative and unbiased rosenblum s chronicle of photography both chronologically and thematically traces the evolution of this still young art form exploring the diverse roles that photography has played in the communication of ideas rosenblum devotes special attention to topics such as portraiture documentation advertising and photojournalism and to the camera as a means of personal artistic expression product description

the history of photography perhaps more so than any other art is a history of technology that is best revealed in the very vehicle that makes it possible the camera through a selection of fifty landmark cameras michael pritchard tells the story of this ground breaking piece of equipment that changed the way we saw the world around us beginning with louis daguerre s daguerreotype of 1839 other entries include the brownie 1900 the kodak instamatic 100 1963 the polaroid sx 70 1972 right up to the canon eos 5d mark iii 2012 and the nokia lumia camera phone 2013 illustrations show not only the cameras themselves but also the advertising material that accompanied them and some of the well known images they were used to take pritchard uses each camera as a point of entry for talking about the people who created and used them and the kind of photos they produced from wegee and his speed graphic to cartier bresson and the leica s role in the invention of photojournalism in the hands of individual photographers he reveals cameras came to represent unique styles of depiction together the stories of the fifty cameras gathered here present an approachable and informative take on a medium that continues to fire the imagination whether we re perfecting the selfie using the modern camera phone or longing for the days of fotomat

this volume shows in chronological order the most impressive images and the most important developments in the art of light that is

photography it offers in its huge collection and themes a unique survey of the medium from its origins until now

over the past decade historical studies of photography have embraced a variety of cultural and disciplinary approaches to the medium while shedding light on non western vernacular and other photographic practices outside the euro american canon photography history difference brings together an international group of scholars to reflect on contemporary efforts to take a different approach to photography and its histories what are the benefits and challenges of writing a consolidated global history of photography how do they compare with those of producing more circumscribed regional or thematic histories in what ways does the recent emphasis on geographic and national specificity encourage or exclude attention to other forms of difference such as race class gender and sexuality do studies of other photographs ultimately necessitate the adoption of nontraditional methodologies or are there contexts in which such differentiation can be intellectually unproductive and politically suspect the contributors to the volume explore these and other questions through historical case studies interpretive surveys of recent historiography criticism and museum practices and creative proposals to rethink the connections between photography history and difference a thought provoking collection of essays that represents new ways of thinking about photography and its histories it will appeal to a broad readership among those interested in art history visual culture media studies and social history

photography anthropology and history examines the complex historical relationship between photography and anthropology and in particular the strong emergence of the contemporary relevance of historical images thematically organized and focusing on the visual practices developed within anthropology as a discipline this book brings together a range of contemporary and methodologically innovative approaches to the historical image within anthropology importantly it also demonstrates the ongoing relevance of both the historical image and the notion of the archive to recent anthropological thought as current research rethinks the relationship between photography and anthropology this volume will serve as a stimulus to this new phase of research as an essential text and methodological reference point in any course that addresses the relationship between anthropology and visuality

10 must reads history of photography from original sources is not just another book on the history of photography based entirely on original sources of the time it reflects the energy excitement and passion which the invention and development of photography evoked in its most innovative and experimental period during the years 1840 1900 at the outset henry fox talbot diffidently introduces photography to the world in his little work now presented to the public while just 45 years later photographer p h emerson launches his polemic arguing that photography is an art form in its own right these texts take us on a fascinating journey into the studios of some of the leading nineteenth century european photographers they confront us with examples of and the thinking behind some of the earliest examples of street photography and underscore the sheer complexity and difficulty of taking and making photographs at the time and along the way we are treated to fascinating unique descriptions of the workings of photographic studios of the period from the largest most successful

commercial operations to specialist studios in such places as museums and prisons
